IAM99 APP is LIVE

Our new app is live and can be downloaded from the app stores for both Apple and Android phones. Search

IAM99.

You will have immediate access to whatever you need as the app directly links to the website.

Download it and for access you will need your Book# from the IAM. For those who do not know their book#, the CSS have been provided with lists that have only your name and book number on them. Or send an email to the executive for assistance.

The first time you sign into the app it will let you know approval for your profile is required. It may take a day or two for that process as it is our 99 executive that doing the approvals. We are only volunteers and have other jobs. Please be patient.

Convyta Pension Administration

The website issues are being worked through, it's a process and we need to be patient for the developers.

So far they have one of our executive members who is their "guinea pig." They are working through the issues together. The site is up and running well for the BC members, Leavitt has just signed on and they are close to releasing to the Finning group here as well.

Enrollment emails will arrive first, then you must confirm the information on your profile. Then access will be granted.

Convyta has confirmed they have our installments and those monies will be uploaded once profiles are also confirmed.
