Member Portal Update

IAM Western Canada Pension Plan

September 4, 2026

We are aware that some members have experienced issues accessing and using the Member Portal, including delays receiving login verification codes and difficulties accessing certain portal features.

We understand these issues have caused frustration, and we want to assure members that they have been brought to our attention and escalated to the portal vendor for investigation and resolution.

Importantly, these portal issues do not affect the administration of the Pension Plan. Employer contributions continue to be received and processed, and member records remain secure and maintained within the Plan's administration system.

Convyta Partners is actively working with the vendor to identify the cause of the reported issues and ensure they are addressed as quickly as possible. We will continue to monitor the situation and provide updates to IAM Local 99 as more information becomes available.

If you are experiencing a delay or issue with the Member Portal, please email us at iamwesternpension@convyta.com with a screenshot and brief explanation of the problem. Specific examples are helpful and allow us to provide the vendor with the information needed to investigate and resolve the issue.

We recognize the importance of having reliable access to pension information through the Member Portal and appreciate your patience and understanding while this work is underway.

Sincerely,

Convyta Partners Plan Administrator
